Alexco Resource Corp. owns the majority of the historic high-grade Keno Hill Silver District located in Canada's Yukon Territory. With nearly 1,000 meters of underground development completed at our two new deposits and a robust Pre-Feasibility Study released, Alexco is advancing the district towards a production decision with the goal of production in Q3 2020. This is a great opportunity to be part of the team that is building one of the highest-grade silver operations in the world.

The company has an immediate opening a **Bolter**.

#### **Position Overview:**

Reporting to the Mine Supervisor (Shift Boss), the Bolter will be responsible to muck out rounds, install ground support and install services while working according to the company's policies, work procedures and all applicable government legislations ensuring efficient operations within a safety conscious work environment. This will be a 14 day on / 14 day off rotation at our Keno Hill Project in Elsa, Yukon.

#### **Primary Responsibilities:**

- Safely muck out blasted round;
- Safely install ground support in accordance to standard(s);
- Required prep face for drilling;
- Able to drill holes in accordance with regulations regarding drilling on a face;
- Able to cap, load and blast round;
- Required to hook up blast in accordance with procedures;
- Required to properly read prints;
- Safely operate a scissor truck;
- Safely operate scoop;
- Must complete the daily tracking sheet when required;
- Meet the daily productive goals required for the job; and
- Will need to be able to do rehab jobs when required.

#### **Education and Experience:**

- Grade 12 education preferred;
- 5+ years as a Bolter is required;
- Valid driver's license; and
- Pre-employment testing will be mandatory (drug/alcohol, lead blood, audiogram, etc.)
