Alexco Resource Corp. owns the majority of the historic high-grade Keno Hill Silver District located in Canada's Yukon Territory. With nearly 1,000 meters of underground development completed at our two new deposits and a robust Pre-Feasibility Study released, Alexco is advancing the district towards a production decision with the goal of production in Q3 2020. This is a great opportunity to be part of the team that is building one of the highest-grade silver operations in the world.

The company has an immediate opening for a **Jumbo Operator**.

#### **Position Overview:**

Reporting to the Mine Supervisor (Shift Boss), the Jumbo Operator will be responsible to set up and operate a jumbo and to drill and blast in a safe manner. This will be a 14 day on / 14 day off rotation at our Keno Hill Project in Elsa, Yukon.

#### **Primary Responsibilities:**

- Visually inspect, sound, scale and wash down work area, check for bootlegs and miss holes, flags lifters and paint the face;
- Assess ground conditions at the face and implement ground control according to site requirements;
- Perform minor repairs, such as changing striker bars, couplings, water tubes and hose clamps;
- Complete daily reports on equipment and workplace and submit written and verbal reports to the supervisor;
- Load and prime development round with bulk emulsion and electronic detonators following engineering design;
- Place guards at all entrances to the blast, blast according to project standards and remove guards after blasting;
- Maintain working area and equipment in a clean and orderly condition; and
- Other duties as assigned.

#### **Education and Experience:**

- High School Diploma or equivalent (preferred);
- 5 years or more experience with Jumbo Drill machine in UG mining environment;
- Demonstrated ability to read mine plans and specifications for underground mining; and
- Pre-employment testing will be mandatory (drug/alcohol, lead blood, audiogram, etc.)
