

## UNDERGROUND LONGHOLE DRILLER

### OVERVIEW

Alexco Resource Corp. owns the majority of the historic high-grade Keno Hill Silver District located in Canada's Yukon Territory. With nearly 1,000 meters of underground development completed at our two new deposits and a robust Pre-Feasibility Study released, Alexco is advancing the district towards a production decision with the goal of production in Q4 2020. This is a great opportunity to be part of the team that is building one of the highest-grade silver operations in the world.

We are looking for an individual to join our growing team. The role of an **Underground Longhole driller**.

### REQUIREMENTS

- Knowledge of underground mining practices and efficient operation of underground long hole drills
- Accurately drill a series of long holes to a design pattern
- Read and accurately follow mine instruction plans with skill and precision ensuring holes are drilled to design line, gradient and profile
- Previous underground longhole drilling experience
- Able to lift to 50 lbs.
- Physically fit to perform the duties of the position.
- Pre-employment testing will be mandatory (drug/alcohol, lead blood, audiogram, etc.)
- FIFO camp
- Prior underground longhole drilling experience essential
