

## Flotation Grind Operator

### OVERVIEW

Alexco Resource Corp. owns the majority of the historic high-grade Keno Hill Silver District located in Canada's Yukon Territory. With nearly 1,000 meters of underground development completed at our two new deposits and a robust Pre-Feasibility Study released, Alexco is advancing the district towards a production decision with the goal of production in Q4 2020. This is a great opportunity to be part of the team that is building one of the highest-grade silver operations in the world.

We are looking for an individual to join our growing team in the role of **Flotation Grind Operator**.

This role is on a 14 days-on/14 days-off rotation.

### RESPONSIBILITIES

- Experience running ball mills and Denver Cells.
- Monitor, adjust and report on the Flotation circuit equipment to maintain safe and efficient production of silver concentrate, maximizing recovery while maintaining target concentrate grade.
- Conduct regular equipment inspections on all circuit pumps and lines, regrind mills, mechanical cells, reagent systems and all other ancillary equipment.
- Take samples from process streams.
- Check and report densities.
- Complete daily reports and fill in logbook.
- Complete other duties as assigned.

### REQUIREMENTS

- High School Diploma or General Education Degree (GED) preferred;
- Must be capable of working at heights and in confined spaces;
- Must have 3-5 years Mill operating experience;
- A team player that works well with others;
- Strong oral and written communication skills;
- Valid driver's license

### REWARDS & CULTURE

Alexco Resource offers a competitive remuneration package. We offer a supportive culture that prides itself on teamwork, professionalism, and safety.

### CONTACT US

Please apply directly by submitting your resume, to [hr@alexcoresource.com](mailto:hr@alexcoresource.com) preferably as a Microsoft Word document. Please note, that due to the number of applications we receive, only those selected for an interview will be contacted. No calls please.
