

MAINTENANCE PLANNER

OVERVIEW

Alexco Resource Corp. owns the majority of the historic high-grade Keno Hill Silver District located in Canada's Yukon Territory. With nearly 1,000 meters of underground development completed at our two new deposits and a robust Pre-Feasibility Study released, Alexco is advancing the district towards a production decision with the goal of production in Q4 2020. This is a great opportunity to be part of the team that is building one of the highest-grade silver operations in the world.

We are currently looking for a Maintenance Planner to join our Keno Hill Mine team on a 2 week on 2 weeks off rotational role. Reporting to the Mine Manager, your primary responsibility will be to provide strong and clear leadership to our on-site team, whilst also facilitating the development of asset maintenance improvement plans, developing cost saving initiatives and aligning the department's strategies to the overall business goals.

RESPONSIBILITIES

- Providing reliability and maintenance support across the site;
- Reviewing, evaluating and coordinating maintenance performance across the existing fleet;
- Developing, implementing and maintaining reliability strategies, initiatives and solutions across the site by identifying hotspots and opportunities;
- Establishing practices whereby maintenance information and learning's are shared across the business;
- Above all an outstanding attitude and culture of safety, care and professionalism.

REQUIREMENTS

- Relevant trade qualification coupled with significant hands-on management experience;
- Experience on mobile equipment in a mining environment essential;
- 5+ years' experience leading a high-performing Maintenance team, ideally within an operational mining and processing environment;
- Highly developed communication and presentation skills;
- High degree of computer literacy including the use of Microsoft Excel and database management systems;
- Significant demonstrated leadership which supports a high performance culture;
- Strong experience in mobile equipment maintenance and development of equipment performance strategies;
- Demonstrated working knowledge of mine safety procedures and regulations.

CONTACT US

Please apply directly by submitting your resume, to hr@alexcoresource.com preferably as a Microsoft Word document. Please note, that due to the number of applications we receive, only those selected for an interview will be contacted. No calls please.
